

# DANIELS ASSAILS TAFT AND TEDDY; PRAISES WILSON

PRESENT ADMINISTRATION GIVEN  
ENTIRE CREDIT FOR  
STRENGTHENING THE  
U. S. NAVY

## DANIELS NOT AT FAULT

Preceding Secretaries of the Navy are  
Given Responsibility for Con-  
dition of Unprepared-  
ness by Present  
Naval Head

By United Press Leased Wire  
Washington. — Secretary Daniels today assailed the naval policies of former President Roosevelt and Taft, declaring they permitted the United States to lose its place as second naval power of the world and allowed Germany to pass us.

The greatest strides in the history of the navy were made under President Wilson, he declared.

Continuing his defense before the senate naval investigating committee, Daniels asserted the Wilson administration retrieved the navy from the position it drifted into under the "stand-pat" policy of Roosevelt.

Left to Wilson

President Taft, he said, failed to recover the lost ground and as a result the Wilson administration inherited the whole situation.

"Between March, 1912, and September, 1916, the navy increased in personnel, efficiency and material more than in any similar peace period in our history," Daniels asserted.

Measuring the navy's strength by ships built and building, Daniels said it "fell back" under Taft. From 1904 to 1910, congress authorized only ten capital ships to Germany's twenty, he said.

"President Roosevelt in his annual message in 1905, held that for the immediate future there need be no increase in the number of units.

Lost Second Position

"It was in keeping with these recommendations that the United States at the outset of a new era in battle-ship construction, adopted the stand-pat policy by which we were doomed to lose our position as second naval power.

"No headway was made in the Taft administration toward relieving the relative strength we had lost under Roosevelt.

"You have been told that the lack of large preparations before the war was a grievous fault in the present secretary of the navy. If that is true, it is a fault that lies more at the door of preceding secretaries of the navy, presidents before the war and congresses before the one of 1913.

Wilson Starts Things

"Under the Wilson administration, we find that for the first time in years, congress authorized a larger program than Germany. The Wilson administration took steps to secure for the United States that position this country had lost during the Roosevelt and Taft administrations by reason of the policy which prevailed in those years.

"In the first three years of the Wilson administration, the navy became better organized, better officered, better manned and better supplied with ammunition and more efficiently and more economically governed than ever before in its history."

## 15 PER CENT INCREASE FOR TEXTILE WORKERS

Lawrence, Mass.—Following the announcement of the American Woolen Company that a 15 per cent wage increase for all employees would be effective after June 1, all other textile mills employing 500 or over, took a similar step and advanced their offer to the operatives.

## WATCH SAFETY RAZOR SALES TAKE A JUMP

The price of shavers will take a jump of 25 per cent Monday, according to an announcement which leaked out today. A resolution was adopted at a meeting of the barbers' union by which the Appleton shops agreed to raise the price from 20 to 25 cents, to take effect Monday.

## MEET AGAIN TONIGHT TO DISCUSS SCHOOL

Another conference on religious education is to be held at 7:30 o'clock this evening in the council chamber of the city hall. Dr. A. W. Trettien of Toledo, O., will confer with Sunday school workers and public school teachers on furthering spiritual training of children. A large number heard him last night.

## MAN DROPS DEAD WHEN HE HEARS PRICE OF POTATOES

By United Press Leased Wire  
Minneapolis.—F. E. LaGrave, 45 years old, walked into the city market here today, asked the price of potatoes and when told what they would cost him, dropped dead.

# Police Fail To Recognize Man They Sought

Nick Arnstein Waves at Police Officers But They do Not Recognize Him Until He Gives Himself Up

By United Press Leased Wire  
New York.—A five months search for "Nick" Arnstein, alleged "master mind" in wholesale bond thefts from Wall street brokers, was ended today when he walked into the district attorney's office here.

Arnstein arrived from Pittsburgh where he had been hiding, at 9 a. m., and motored to Ninetieth street where he met his actress wife, Fannie Dries.

Accompanied by William J. Fallon, attorney, the party motored down Fifth avenue and passed through lines of policemen, gathered for their annual parade.

As the automobile swung past Union Square, Arnstein tipped his hat to high police officials gathered in a grand stand erected here to witness the parade. The automobile was driven twice around the courthouse without being recognized. The first official to recognize Arnstein was William Hanna, clerk of courts. The news spread rapidly and a large crowd gathered while Arnstein and his wife posed for pictures. Arnstein refused to talk regarding his experiences.

"I will tell about them tomorrow," he said.

Asked if he had been hiding in Cleveland, Arnstein said:

"I was only there once. I met Gene Meize in Cleveland on February 22."

Waited for Officer

John F. Dolling, assistant district attorney in charge of investigation of the bond theft cases, was not at his office when Arnstein arrived. Arnstein waited patiently.

According to reports, bail had been arranged for Arnstein. Bondsman had arranged to put up \$60,000.

The reason given by Arnstein's friends that he did not give himself up sooner, was because too high bail was demanded.

# PROFITS EAT UP HALF THE COST OF SHOES, LAUK SAYS

SHOE MANUFACTURERS AND RETAIL DEALERS HAVE BOOSTED PROFITS DURING THE WAR

By United Press Leased Wire  
Washington, D. C.—Half of what you pay for a pair of shoes is clear profit for the retailer, manufacturer, tanner and wholesaler, according to a survey of the shoe industry presented to the railroad labor board today by W. Jett Lauk, economic expert and former secretary of the national war labor board.

Retail dealers absorb more than one-third of the profit, Lauk told the board.

"The retail dealer has increased his margin of profit 102 per cent since 1917," said Lauk.

"In 1917, a pair of shoes for which the consumer paid \$8.50 cost \$3.16 to manufacture."

Lauk's survey was made in the interests of railway workers asking the board for wage increases.

Labor Gets Little

"Considering \$8.50 a representative advance in shoe prices," said Lauk, "labor received only 15 cents of this."

The remainder, according to Lauk, represents additional profits.

"The shoe industry," said Lauk, "is no exception to the general rule that the war made possible higher margins all along the line of industry and that these profits have been and are absorbing a much larger proportion of the consumers money than before the war."

Cites Big Earnings

Lauk cited rates of earnings on investment of 237 shoe manufacturers during 1914-1917 showing, he said, that the general level of profits in this industry advanced from approximately 15 to 25 per cent during war years.

Four of the largest shoe concerns had average annual earnings of \$1,800,000 for the 1912-14 period, he said, while for the years 1916-17 they had increased to more than \$10,000,000.

# "JOLLY WELL PLEASED" PRINCE LOOKS IT!

Honolulu.—There was a king in a day of old who told the waves to lie down and stay so. But his royal highness, the Prince of Wales, tried no such monkeyshines with the waves of Waikiki. He took what they gave him and laughed. During his brief stay here the prince spent several hours surf boarding and said he was "jolly well pleased."

# U.S. SHOES CHEAPER IN CANADA THAN U. S.

SHOE MANUFACTURERS' PRICES TO CANADA ARE LESS THAN THOSE CHARGED AMERICANS

By United Press Leased Wire  
Toronto, Can.—Sir John Willison, president of the Canadian Reconstruction Association, said today that foot and shoe manufacturers of the United States are exporting footwear to Canada at prices considerably below those in American markets.

Willison based his statement on official figures of exports from the United States during the eight months from July, 1919, to February, 1920.

"The average stated value per pair of children's boots and shoes exported to Canada was 95c, compared with an average value of \$1.76 for exports to all other countries," he said.

"In the case of men's boots and shoes, the average stated value of exports to Canada was \$3.42 per pair. This was lower than the value of exports to any other country except Jamaica which requires comparative cheap footwear."

"As regards women's shoes the exports to Canada averaged \$3.38 per pair, lower than to any other country except some in the tropics."

# DRASTIC ACTION PLANNED BY BRITISH IN IRELAND

Application of Iron Heel To Repress Crising in Erin Urged by London Papers

(By Webb Miller)  
By United Press Leased Wire  
London.—Interest in the Irish situation here today centered in reports of stern repressive measures planned by the government through its new officials for Irish affairs.

Latest estimates placed the number of police barracks burned since Wednesday at 100. More than 400 have been burned since Easter.

Newspapers were unanimous in their belief that rigorous action might be expected. All divisions of Ireland will be brought up to full strength, it was claimed. Cavalry has been stationed in some parts of the island.

Forty constables have been shot in the past 17 months, the Telegraph pointed out asserting that "British policy toward the militant Sinn Fein and murder societies should be ruthless application of the iron heel."

The Times supported the government's "determination."

# WIDESPREAD HOLDUPS FRUSTRATED BY DEATH

By United Press Leased Wire  
Chicago.—The slaying of Horace Walton, 21 years old, in his apartment here early yesterday after he had successfully held up a mail car on a Illinois Central train, prevented nationwide train holdup attempts, federal authorities today believed.

Efforts were to be made today to definitely contact Walton with the robbery of a Santa Fe mail car near Lexington, Mo., the night of April 8. Between \$18,000 and \$20,000 was stolen. Authorities declare the Lexington and Chicago holdups were similar.

Investigators found marked railroad time tables and other indications Walton planned wholesale train robbery, they said.

# MOTORCYCLE OFFICER KILLED IN COLLISION

By United Press Leased Wire  
Racine.—Arthur Herman, ex-service man, recently appointed motorcycle deputy sheriff, was killed this morning when the motorcycle which he was riding crashed head-on into a street car.

The machine was wrecked and thrown with Herman a distance of 40 feet. He sustained a fractured skull and limbs.

# NEW BONUS BILL GIVES VETERANS \$1,400,000,000

REVISION OF SOLDIER AID PLAN IS COMPLETED BY HOUSE WAYS AND MEANS COMMITTEE

## TAX STOCK DIVIDENDS

New Method of Raising Big Sum is Expected to Secure Support of the Democrats — Fix Maximum Payments

By United Press Leased Wire  
Washington.—Revision of the soldier bonus bill was completed today by the republican members of the house ways-and-means committee.

In its present form, the bill carries benefits totalling \$1,400,000,000.

At today's meeting a move to include a tax of 10 per cent on the privilege of issuing stock dividends as one of the forms of raising the bonus revenue was defeated by a tie vote of 7 to 7.

The bill will be submitted to the full committee next week, with the probability of this tax being re-stated because it will be supported by the democrats.

The revised bill allows a cash bonus of \$1 for each day's service and \$1.40 for the other benefits, farm or home aid, etc.

A maximum of \$500 for the cash bonus and \$625 for the other forms of aid was approved finally.

Taxes remaining in the bill are one-half per cent on real estate transfers, one-fifth of one per cent on stock exchange transactions, increased surtaxes and tobacco taxes.

# BEAVER DAM MAN IS HEAD OF PHYSICIANS

INTERESTING CONVENTION OF HOMEOPATHIC PHYSICIANS CLOSING HERE YESTERDAY

One of the most successful conventions ever held by the Wisconsin State Homeopathic Medical Society closed yesterday here. Dr. William B. Webb of Beaver Dam was elected president at the business session. The other officers chosen include the following:

Vice-president, Dr. Fay T. Clark, Waupun; secretary, Dr. John E. Guy, Milwaukee; treasurer, Dr. Frank E. Brown, Milwaukee. It was voted to hold the next convention at Milwaukee.

Several addresses of exceptional value were given by prominent medical men, among them one by Dr. Theodore Baemister of Chicago, who discussed the economic and business side of the profession. He pointed out tendencies which might put the profession on a lower plane because of their commercializing influence. Other speakers took up various scientific subjects of interest to the physicians attending.

# OMAHA-CHICAGO AIR MAIL LINE STARTED

By United Press Leased Wire  
Chicago.—Lieutenant Benedict started from here shortly after 10 o'clock today for Omaha, Neb., inaugurating the Omaha-Chicago aerial mail service.

His start was delayed more than four hours by the condition of the starting field. No crowds witnessed the inauguration.

Aviator DeWald started from Omaha for Chicago today completing the opening of the new service.

Lieut. Benedict will stop at Iowa City, Iowa, to deposit one bag of mail. He is expected there at 12:35 central time and is due in Omaha at 2:05 central time. He carried 265 pounds of mail.

# LENROOT BLAMES THE PRESIDENT FOR UNREST

By United Press Leased Wire  
Boston America demands peace, "formal as well as actual regardless of campaign issue," declared Senator Harding, of Ohio, at the annual dinner of the Home Market Club held here last night.

Senator Lenroot of Wisconsin, also spoke.

Senator Lenroot made an attack upon President Wilson, whom he charged as "solely responsible" for the present unsettled industrial conditions in this country.

# TRETTIEN TO SPEAK AT UNION SERVICES

Dr. A. W. Trettien of Toledo, O., who is conducting an institute here on religious education, will speak at 7:30 o'clock Sunday evening at the First Methodist church. A union service is to be held.

"Idealism in Our Democracy" is to be the subject he will present. It will deal with the unique situation in America from the standpoint of opportunity for service. It is his belief that America must cultivate a practical idealism by cementing the forces of public schools, churches and others into a unit to secure the one ideal of service.

The Sunday evening meeting was announced for probably half, but was later changed to a union service of the churches, which will be held at the First Methodist church instead. Special music is to be rendered at the service.

The Appleton Knights Templar will go to Clintonville tomorrow to attend the Aeronaut day service, which takes place in the afternoon at the Methodist church. They will be in uniform. W. N. Perry of Milwaukee is to give the address.

# 16 Women To Be Alternates To Convention

Women Get 16 Out of the 26 Alternate Delegate Positions at G. O. P. Meeting in Milwaukee Yesterday

By United Press Leased Wire  
Milwaukee.—Sixteen Wisconsin women today are alternate delegates to the republican national convention in Chicago next month.

There were selected here by the state central committee. This probably will be the largest number of women to be picked for alternate delegates by any state.

The committee also named ten men alternates.

The women were selected after a fight in the committee for election of alternates favorable to Senator Robert La Follette, who controls 24 of the state's delegates. Speakers favored and disfavored such, ending in a split that brought about election of the women. They have not expressed themselves as to whether they will back La Follette or not, but the ten men alternates represent a fifty-fifty split between the La Follette and anti-La Follette forces.

The list of alternates follows:

The Alternates

Alternates for delegates-at-large:

Mrs. H. M. Youmans, Waukegan; Miss Katherine Williams, Milwaukee; Christian Doerflinger, Milwaukee; Herman L. Ekern, Madison. Alternates for district delegates:

First—Mrs. A. J. Harris, Janesville; J. E. Barr, Geneva.

Second—Mrs. Lynn Smith, Jefferson; Thomas H. Sanderson, Portage.

Third—Mrs. George E. Gernon, Madison; Sol Levitan, Madison.

Fourth—Mrs. W. H. Wendt, and Miss Agnes Gaffney, Milwaukee.

Fifth—Mrs. William Stark Smith and Mrs. G. S. Patterson, Milwaukee.

Sixth—Mrs. William Mauthe, Fond du Lac; Dr. George Gebbe, Oshkosh.

Seventh—Mrs. C. S. Van Aucken, La Crosse; Henry Freiloff, Coon Valley.

Eighth—Mrs. C. H. Ingram, Waukegan; George M. Hill, Grand Rapids.

Ninth—Mrs. Joshua Hodgins, Marinette; John Kiernan, Green Bay.

Tenth—Mrs. A. H. Schoemaker, Eau Claire; George Comings, Eau Claire.

Eleventh—Mrs. R. B. Lewis, Rhinelander; Mrs. C. H. Werden, Ashland.

General Cepeda, a former outlaw, was in command of the detachment which captured two Carranza trains with a quantity of ammunition today, rebel advisers said. At Chalchicomula, 25 miles northwest of Orizaba, Colonel Rocho, rebel leader, was killed in a clash. Rocho was captured and executed, revolutionary leaders said. They threatened to retaliate on captured Carranzistas.

The British warship Glasgow, the French cruiser Descartes and the American gunboat Dolphin were to arrive here tonight.

British and French subjects asked their governments for protection.

American Consul Foster and Arthur Hogg, the British vice-consul, arranged to send a special train under a white flag to remove foreigners who may wish to leave Mexico City. The train was guarded by an aviation unit.

Ask For Recognition

Washington, D. C.—A cabinet meeting may be called to decide whether the United States shall reply to the communication received from the Mexican revolutionary government, saying the new regime is "disposed to promote cordial relations." It was learned today.

This message, signed by Provisional President De la Huerta, was regarded as an open bid for recognition. A report from this government to Dr. La Huerta as "provisional president" would constitute a virtual recognition of the de facto government in Mexico, according to opinion here. If no reply is sent, the state department will be put in the position of ignoring a friendly communication from a regime which may become the official Mexican government.

President Wilson's advice has already been sought. It is understood.

President Carranza was keeping the revolutionary forces at bay, according to the latest unofficial advice received here, but his position was considered hopeless.

Say Carranza Escaped

El Paso, Texas.—Surrender or capture of President Carranza today was predicted in messages reaching here from General Obregon.

Later unconfirmed reports here, however, declared Carranza had eluded the forces of General Obregon which have had the fugitive hemmed in near Apizaco.

Obregon's message here declared a strong revolutionist force had attacked Carranza's position for four days.

Jalisco and Colima states are held by insurgents today, according to word here. General Dieguez, Carranza's commander having revolted late yesterday.

President Huerta has called a special session of the Mexican congress, reports here today said. The congress will choose a provisional president to act until the national election July 4.

# SISTER-BROTHER MARRIAGE ANNULED

By United Press Leased Wire  
Milwaukee.—The marriage of Edna Cooper to her brother, Richard Cooper, under the name of Arthur Lehman at Waukegan, Ill., August 17, 1917, was ordered annulled by Circuit Judge Halsley here today.

Cooper recently was sentenced to seven years in the state penitentiary. The young woman said she and her brother had been separated while in prison and at the time of their marriage did not know he was her brother. They have two children.

# GREEN BAY SPEEDERS FINED IN COURT HERE

Herman Miller and D. Betten, of Green Bay men who were arrested May 3 for driving their automobiles at a speed of 28 miles an hour on Lake street appeared in court today. Each pleaded guilty and was fined \$10 and costs, amounting to \$13.20.

Both men put up money at the time of their arrest as assurance that they would appear in court May 7 to answer to the charges, but they didn't come, believing that they had done their duty in making the cash deposit. They were notified to appear in person and came here for that purpose today.

Luxuries can no longer be imported into France. Among the articles forbidden by law are silk stockings from the United States.

# RAIN FIRST HALF, FAIR SECOND HALF OF WEEK

# SERVICE

## Geenen Dry Goods Co.

Service is a problem today that demands more than ordinary initiative.

Everything that tends to enter into what is usually understood as SERVICE is uncertain and functions under extraordinary difficulties.

We are primarily distributors of merchandise in varied classes particularly dry goods or lines very closely allied.

TO HAVE COMPLETE STOCKS UNDER CONDITIONS AS THEY ARE TODAY IS RENDERING WHAT WE BELIEVE TO BE SUPER-SERVICE.

We make this statement, not in a spirit of boastfulness but rather one of accomplishment when we say, that never before in our twenty-five years of business life have we shown a more complete line of High Quality Merchandise, both fashionable and staple as our various sections have ready for your inspection at this time.

WE HAVE WHAT YOU WANT WHEN YOU WANT IT.

We invite you to visit our store, if you have never shopped at Geenen's try us now. We know you'll be surprised at the variety and range of stocks. You will not be urged to buy. Our salespeople will be pleased to show you. Ask for a needle or a suit, a spool of thread or a rug, and you will receive the same interested attention and service.

## SUMMED UP

SERVICE with us means having the merchandise and showing it courteously and honestly and selling at the lowest possible margin of profit.

## What will You have when you are Fifty?

Every young man ought to promise himself independence at fifty, and live up to that resolve.

The will to begin saving while young, backed by the perseverance to continue will show assets when you are fifty years old that are valuable.

### LOTS OF SUGAR IN CUBA BUT THERE ARE NO CARS TO MOVE IT

WAREHOUSES ARE FILLED YET SALESMAN PREDICTS FIFTY CENT PRICE BEFORE NEXT FALL

"Cuba is full of raw, unrefined sugar," says J. H. Mitchell, a traveling salesman for the Crane Packing company of Chicago, who has just returned from that island. "Storehouses are overflowing, and huge piles of sugar in sacks covered only by tarpaulins greet the eye on every hand. There is so much sugar the planters do not know what to do with it. It has been sold to refineries of the United States for a long time, but the refineries are unable to move it on account of the shortage of labor and the scarcity of freight cars.

"The shortage of labor has drawn all the dock and ship labor away from Havana. Havana is the neck of the bottle through which all commerce moves. When I left there were 85 ships in the harbor waiting to be

loaded. Some of them had been there for ten weeks. There are not sufficient freight cars on the island to move the sugar from the plantations to the port of Havana.

**English Own Roads.**  
The railroads of Cuba were built and are owned by English capital. During the war, all English money was invested in English war loans and as a result the rolling stock of the Cuban railroads was not replaced as it wore out.

"Recently four thousand cars belonging to the United States railroad administration were ferried over to Cuba, full of merchandise, and these the Cuban railroads proceeded to use. The United States railroad administration called them back, however, and now Cuban railroads are worse off than they were before.

"I have seen every conceivable kind of vessel from sailing sloop to tramp steamer being loaded at little wharves all along the coast with sugar intended for the United States. Every effort is being made to get the sugar out, but no great success has been attained. I predict that sugar will be fifty cents per pound before the end of the summer."

### SIMON CO. FACTORY IS NEARLY FINISHED

NEW PLANT NEAR APPLETON JUNCTION WILL BE READY FOR OCCUPANCY BY NEXT WEEK

The new plant of the N. Simon Cheese company at Appleton Junction is nearing completion and will be ready for occupancy next week. It is constructed of cement blocks, one story with light airy basement practically above ground. This will be used for butter making, a new department that is to be added. The offices extend across the west end of the building and will be equipped with new fixtures, a portion of which has already been delivered.

The shipping room, which also extends across the building is immediately back of the offices and is separated by a partition, the greater part of which is glass. The cooling department is to be equipped with an ice machine which is now being installed. The basement has been provided with a cement floor. The shipping room will have a maple floor which will be laid early next week.

A portion of the machinery for the butter making department has been delivered. Painters and carpenters are busy putting the finishing touches on the building, which when completed will be one of the best equipped in this part of the state.

### INCREASE ACREAGE OF SUGAR BEETS HERE

FARMERS INDUCED TO PLANT MORE BEETS BY OFFER OF SACK OF SUGAR BY REFINERY

More sugar beets will be raised than ever before in Outagamie county this year. Farmers are planting anywhere from one to 15 acres for the first time. The promise of a refinery to allow farmers one sack of sugar at wholesale prices for each acre of sugar beets raised seems to have taken root. Most of them want to guard against the sugar shortage and high prices and therefore plan to raise at least enough beets to insure enough sugar for their own consumption.

A price of \$12 a ton will be paid to the farmers for this year's sugar beet crop. It is said that an acre produces about 10 tons and that from two to three hundred pounds of sugar can be gained from a ton of beets. This means that there is a margin of over sixty dollars between the price paid for the raw material and the price the consumer pays, based on a price of 25 cents a pound for refined sugar. The farmers question whether there should be such a tremendous margin and are of the belief that they get the small end of the deal after doing all the hard work of cultivating the beets.

### FIRST WARD AND ZION TEAMS PLAY MONDAY AFTERNOON

First ward and Zion school teams of the grade school baseball league will play a postponed game Monday afternoon.

The final games of the league will be played next Thursday afternoon. First ward will hook up with St. Mary in the contest that will decide the championship.

### PREDICTS STUDY OF THE BIBLE IN PUBLIC SCHOOLS

DR. A. W. TRETTIEN TELLS AP. PLETON PEOPLE HOW TOLEDO PLAN WORKS OUT

"The day is coming when the Bible will be taught in the public school," predicted Dr. Augustus W. Trettien, Ph. D., of Toledo University, Toledo, O., speaking on the Toledo plan of the religious day school at the city hall Friday night.

Dr. Trettien's address was followed by an open forum in which the audience questioned Dr. Trettien further regarding the plan at Toledo, of which Dr. Trettien is one of the authors.

The meeting, called by the Appleton Ministerial Association, was open to the public. School principals and pastors of every church, including

not. Practically no outside work is done.

Consent of the parents to permit children to attend the school when it was first organized was necessary. The religious day school does not affect the interest in the Sunday school taken by the children, the speaker said.

Overcoming opposition of principals and teachers, in many instances, and securing the support of the churches, were the main difficulties encountered by the organizers in promoting the plan, Dr. Trettien said.

"There are various institutions for the furtherance of religious education," Dr. Trettien declared. "The home is the basic institution of the state and the principal religious education should be given in the home."

**Think About Children**  
"Our truest literature is not Shakespeare, but the Sacred Holy Writ," the speaker said.

"We church people, especially the elder people, have been thinking too much about ourselves, and not enough about the children. We should organize the Sunday school so that it shall be the best end of the church, a strategic spot for the furtherance of religion."

Catholic and Jewish, were invited. Dr. H. E. Peabody presided.

A. R. Eads was elected chairman of the meeting. F. J. Harwood, who was intimately acquainted with Dr. Trettien during his stay in Appleton as principal of Third ward school twenty years ago, introduced the speaker.

**Biblical Foundation**  
"Establishment of the course of study on a Biblical foundation and not on a theological basis is the feature of the Toledo plan of the religious day school," explained the speaker.

The Toledo plan came into existence in 1916, 700 pupils following the course of study. Permission was obtained by the organizers from the third to the eighth grade and also the high school to attend classes one hour a week in the religious school; classes to be under teachers acceptable to the board of education.

Four classes of high school students, the remainder of elementary pupils, were established the first year.

**School Grew Rapidly**  
A superintendent of the school was next secured. In the fourth year the school was operating with 2800 pupils and forty teachers.

"The plan was a voluntary affair in its first year of existence. Dr. Trettien explained. "The children paid for the necessary materials. In the third year the Church Federation donated several thousand dollars to carry on the work."

Classes are not held in the public schools, and no attempt was made by the organizers to secure the buildings for use.

The classes are held in a building preferably a church or hall, in a district where the public schools are. Teachers are now paid \$1.50 an hour for their work.

**Get Credit for Work**  
High school students are given credit for work done in the religious day school. Elementary pupils are

"The Sunday school is being criticized today. It is true that the Sunday school, like the home, has been shifting the responsibility of its religious obligations."

Dr. Trettien called the public school the "biggest instrument for the development of citizenship in America."

### AWARD CONTRACT FOR 15 KIMBERLY HOUSES

The Fraser Lumber and Manufacturing company has been awarded the contract for building fifteen new houses at Kimberly for the Kimberly-Clark company. The houses will average over \$3,000 each; the contract aggregating \$50,000. The contractors will begin work at once and expect to have them completed by Dec. 1.

The Fraser Lumber and Manufacturing company has already built about 200 houses in that village, its last contract calling for thirty which were erected during the war. None of the new houses will be erected on the new addition to the village.

## COLLEGE PLAY IS ATTRACTING NOTICE

SEVERAL MEMBERS OF CAST IN LAST YEAR'S PRODUCTION WILL SHINE AGAIN

This year's college class play, "The Rivals," to be given Monday night at the Lawrence Memorial chapel, is attracting more attention than any previous play. The reason for this seems to be the popularity of the play and

acted for production and the exceptionally strong cast gathered together for its presentation. The play is a comedy in five acts, every act almost a continuous laugh. The plot is an intense one, of mixed identities and clever situations. Prof. Orr has been conducting rehearsals the last two months in preparation of the presentation Monday night. Several members of the cast have had previous training under him. Fen Pugh, who took the heavy lead in last year's play, "The First Lady of the Land," and Miss Corinne Lawton, who was leading lady, are taking the leading parts again this year. Carroll Hett and Miss Grace Haylett were also in last year's production. Other members of the cast are Jack Vincent and Miss Esther Toming, of this city, and Miss Pearl Werbel, Robert Winn, William Doll, Victor Werner and George Hildebrand. It is possible that several numbers will be given by the College Quartette between acts.

# NEWS OF OUTAGAMIE COUNTY AND WISCONSIN

## ONE FATALITY FOR EACH 12 FLU CASES

THAT IS RATIO IN WISCONSIN ACCORDING TO FIGURES IN MADISON-REPORTS ARE POOR

(Special to Post-Crescent)  
Madison, Wis.—During the epidemic of influenza in Wisconsin in January, February and March, 1920, 42,793 cases were reported and 3,352 deaths from influenza and all forms of pneumonia were recorded, giving a ratio of one death to every 12.7 reported cases, according to figures announced by the state board of health.

"Manifestly," says the board, "this proportion is too high, but represents the statewide condition with regard to reporting. Relatively, however, the state ranks high in reporting, due largely to the services of collaborating epidemiologists who have been appointed in most of the larger cities. The comparatively large case figures are therefore indicative, generally speaking, of fair reporting and not of a prevalence of disease worse than other states experienced."

Tables have been compiled showing the fatality rates for all counties. In those above the state standard it is possible that the disease was especially virulent, or that the physicians did not treat the infection with the customary degree of success.

Many of the rural counties show on the face of the figures a much lower fatality rate, and indicate better reporting, than heavily populated counties. The reports indicate that Kenosha county, with a large population, had one death to every 4.2 cases, while Burnett county, strictly rural, had one to every 40.5 cases; that Ashland county had one death to every 6 cases, while the neighboring county of Bayfield had one to every 22.6 cases; that Douglas county, containing one of the largest cities, had one death to every 3.5 cases, while Pierce, with no large city and a small total population, had one to every 40.6 cases. Obviously, reporting was markedly deficient in the larger counties.

In the populous county of Dane the reporting was poor, with one death to every 11.9 reported cases. In the city of Madison, exclusive of the university, the physicians reported 551 cases and 34 deaths, a ratio of one death to 16.2 cases. The reports from the university show 39 cases and 13 deaths—a proportion of one death to three cases.

"A fatality rate based upon a comparatively large number of cases and deaths may ordinarily be regarded as indicating the prevailing and representative experience," the state board concludes. "However, the fatality rate must not be considered an inflexible factor, for there are numerous and varied factors influencing the subject.

"A low fatality rate, especially when based upon a relatively large number of reported cases and a small number of deaths, is frequently significant. It usually indicates that the physicians are reporting well.

"The chief conclusion to be drawn from a high fatality rate is that the case reports are incomplete. This board cannot emphasize too strongly the necessity for prompt and complete reporting of all cases of dangerous communicable diseases. Unless the cases are known, disease outbreaks cannot be successfully combated and repressive measures enforced.

"The death rates of reportable communicable diseases must be based upon the number of cases reported and the deaths registered from such diseases."

(Special to Post-Crescent)  
Madison, Wis.—The \$25,000 conspiracy suit of Hubert S. McConchie, wealthy retired Waupun druggist, against prominent residents of that city, ended Wednesday night when a Circuit court jury here awarded McConchie \$2 damages.

The plaintiff charged a plot to run him out of town.

Several Milwaukeeans figured in the case, which grew out of McConchie hiring Tillie Kasuba, an 18 year old girl, as his housekeeper, against the wishes of her family, living in Milwaukee.

Michael Kasuba, brother of the girl, "beat up" McConchie on Armistice day before a number of Waupun residents, according to testimony brought out at the trial.

Kasuba's attack is alleged to have brought cheers from the spectators who were said to have jeered McConchie and admonished Kasuba to "kill the devil."

The name of Miss Frances Naber, formerly of 457 Cas street, Milwaukee, was brought into the case. She received letters from McConchie asking her to get certain papers from Tillie Kasuba's home, defense testimony showed.

## KAUKAUNA TEACHERS' COUNCIL ENTERTAINED

(Special to Post-Crescent)  
Training School.—The Juniors are now studying Argumentation. They have held several interesting debates. Ellen Gosse visited Lillian Ely Wednesday May 7.

Esther Hussey visited school Thursday.

Mr. Hagman gave an address at Miss Keating's school, Dist. No. 2, Center, Wednesday night and at Miss Hazel Smith's school, Jt. Dist. No. 5, Freedom, Friday.

Group I and IV of the Literary Society gave an interesting minstrel show Thursday afternoon.

Practice teachers for this week are: Anna Carroll, Laura Glenzer, Marie Carroll and Ruth Kispert.

Librarian for this week is Helen Bliss.

The Kaukauna Teachers' Council was entertained at the Vocational school by the vocational and training school faculties, Monday evening, May 10.

## BOARD THINKS PRISON FOOD COSTS TOO MUCH

Racine, Wis.—The cost of feeding prisoners in the county jail is 73 cents a day, according to a report submitted to the county board of supervisors.

Prisoners are served with meat, potatoes, bread, coffee and a side dish or two, for dinner and supper.

Members of the board believe that the food item is decidedly high and will insist that more soup, cheaper meat and less potatoes be served.

## 5 TELEPHONE COMPANIES GRANTED RATE INCREASES

Madison, Wis.—Citing the shortage of rural labor as a reason for the growing importance of the telephone and granting this as a reason why rural phone companies should be aided in giving the best possible service, the railroad commission granted five companies permission to increase their rates. The companies affected are The Mount Vernon, Broadhead, Anoda, Arkansasaw, Plymouth and Plank Road Telephone companies.

## URGES OBSERVANCE OF CAR DISTRIBUTION RULES

(Special to Post-Crescent)  
Madison, Wis.—The State Division of Markets is calling the attention of all shippers of farm products to the rules by American Railroad Association governing the distribution of empty cars. The Division of Markets believes that a proper observance of these rules will save shippers much time and annoyance. The rules in substance are:

- (1) Each shipper will inform the carrier's agent each Saturday what he will have for shipment;
- (2) Each shipper shall make a written order on the agent for cars needed telling number, destination, date on which he wishes to load, etc.;
- (3) Copies of order by a shipper located on more than one carrier shall be filed with each carrier;
- (4) Cars will not be furnished in excess of shippers' ability to load promptly;
- (5) When a shipper's pro rata of available car supply is a fraction of a car, the fraction will be carried to his credit;
- (6) "Prompt loading" means that a car placed for loading not later than 10:00 A. M. must be loaded and billing instructions tendered before the close of the same day.

## EAU CLAIRE DENTIST IS NAMED TO HEAD SOCIETY

Eau Claire, Wis.—Dr. Frank B. Wrigglesworth, Eau Claire, was elected president of the Eau Claire, Chippewa and Dunn County Dental society at the annual meeting held here. Dr. R. B. Washburn, Augusta, was elected vice president, and Dr. E. T. Finnean and Dr. P. B. Joeger, Eau Claire, were re-elected treasurer and secretary respectively. Ninety dentists from the three counties attended. Clinics were held by Dr. Clark and Dr. Potter, St. Paul.

## 18-YEAR-OLD YOUTH CONFESSES BURGLARY

Columbus, Wis.—Earl Sunnich, 18, confessed to having entered several stores here and at Fall River, from which he took cases of eggs, perfume, fountain pens, playing cards, paper clips, flashlights and various other articles. He was arrested by Officer Beckwith and given a preliminary hearing before Justice Voile. He was turned over to the county sheriff.

## TIMBER COMPANY'S SAWMILL BURNS

Oshkosh, Wis.—The saw mill of the W. J. Campbell Lumber Co. at Hollister, was completely destroyed by fire Wednesday. The origin is believed to have been from accidental causes as there is no timbermen's strike at that place and no labor troubles. About 50 men were employed.

The loss, estimated at from \$12,000 to \$15,000, is covered by insurance. The company plans to rebuild at once as a full season's cut was in prospect.

W. J. Campbell, Oshkosh, owner, was at Ladysmith early this week, where he visited the plant of the Fountain-Campbell Lumber Co., of which he is president. The plant is operating a day crew, but since the timbermen's strike has not been working its night shift. The same condition obtains as to the Flambeau River Lumber Co. at Ladysmith. He says the Menasha Paper Co. plant at Ladysmith is operating with practically a full sized crew and the Menasha Wooden Ware Co. has about 90 per cent of its employees on the job.

## H. C. L. FIGHT CAUSE OF HOAN REELECTION

PUBLIC MARKETING SYSTEM AD. MITTED TO BE NOTED FACTOR IN MILWAUKEE SOCIALIST VICTORY

(By Edward M. Thierry)  
(Special to Post-Crescent)  
Milwaukee.—A Socialist mayor is beginning his third successive term in Milwaukee because the Socialist party has the biggest, best and most efficient political organization, and because this mayor has made a real drive, during his other terms, against the high cost of living.

A person of unbiased political opinion is almost impossible to find in Milwaukee. Municipal officers are elected by the nonpartisan ballot system. The anti-Socialists, who used to be Republicans and Democrats, call themselves "nonpartisans" and claim to have no party.

Admits Clean Record

Mayor Daniel W. Hoan admits that his "clean record" and "efficient administration" re-elected him.

The conclusion reached by an out-of-town observer is that Socialist rule has not done anything wonderful for Milwaukee, that it has not been particularly harmful and that it has accomplished small things, no better or worse than other parties accomplish.

The city council is in opposition to the mayor with 17 "nonpartisans" and 14 Socialists. This doesn't seem to bother Hoan however. "I can get along without a council," he has said. And this illustrates the general attitude of Socialist city officials. To them anti-Socialists just don't matter at all.

Anti-Socialists admit the Socialists know the technique of running a municipal government. They differ almost solely on the question of loyalty. The Voters' League has never recommended the election of a Socialist because it holds that "the Socialist party has pursued a line of action that is clearly antagonistic to the interests and principles of our government."

Mayor Hoan admits he is against government methods generally, but denies he or other Socialists are of the Communistic type. Antis charge that Victor Berger is the big Socialist boss and gives orders to Hoan.

Hoan claims credit for centralizing all city purchasing agencies, which accomplished the saving of "thousands of dollars."

He also is starting a housing plan, to build and sell houses at cost. How this will work out is problematical, as is also a rival housing plan inaugurated by the Association of Commerce.

Hoan's drive against the cost of living is the only accomplishment for which "nonpartisans" give the Socialists undisputed credit. He inaugurated a system of public marketing with the direct sale to the people of potatoes, fish, army canned goods and many farm products. In two years he claims to have saved housewives' half a million dollars. And nobody disputes the claim.

Tons of Jam Used

Twenty-eight tons of jam were sold in two hours in Hoan's market. The jam for the jam was so great that Hoan is negotiating with farm officials at Chicago for several more carloads of jam and other surplus federal foodstuffs.

Hoan was elected by a majority of 3500. In 1916 he won by 1700 and in 1918 by 2200. His third term will be of four year duration as the anti-Socialist majority in the state Legislature extended the terms of mayor and aldermen, in the hope of a Socialist defeat in Milwaukee, which would keep them out of power longer.

## PASTOR WILL WORK FOR CHURCH UNION

Madison, Wis.—The Rev. George E. Hunt, Christ Presbyterian church, will leave here early next week for Philadelphia to attend the one hundred and thirty-second annual meeting of the general assembly of the Presbyterian church, May 20.

Chief among the problems to be discussed are that of church union and of whether women should be allowed to become elders.

Dr. Hunt will attend a committee meeting on church union. He was the prime instigator of this movement and hopes to see the time when there will be no orthodox sectarian churches, but when all will be a body to be known as the United Church of Christ.

He is also in sympathy with the idea of allowing women of the church to become elders. The new movement, the interchurch world movement, an organized union of Christianity, the relation of church to industry and the killing of Christians by the Turks are the most important subjects to be discussed.

## DOUGLAS READY FOR ANNUAL ENCAMPMENT

MILITARY RESERVATION IS NOW LARGE ENOUGH TO QUARTER A DIVISION OF TROOPS

(Special to Post-Crescent)  
Camp Douglas, Wis.—With the exception of putting in water taps in the vicinity of the stables for the trains the Wisconsin Military Reservation is now ready for a complete division of troops should the occasion arise to mobilize that number in Wisconsin. Not only can a division be quartered there now but there is also room on the 1,250 acres for close order drill for that number in addition to carrying on range work.

Lieut. Col. Charles R. Williams has a tentative plan for the division with one brigade headquarters located near the old yellow hospital at the south entrance and the other west of where the second brigade camped in 1917. The first brigade will occupy the old camp site and the one southeast of the flagpole where a machine gun battalion will also be quartered. The second brigade will be north of the parade ground, as will also the artillery brigade and cavalry regiment. The trains will be near the stables south of the parade ground. All of these locations are complete with water supply furnished by the central pumping station and wells, while six of the regimental sites have shower baths and sewer drainage.

Col. Williams has tentative plans for extensive improvements on the reservation. At the present time additional macadam roads are being put in, also skirting the north edge, while the other commenced east of the officers' bath house, runs near the governor's cottage and then north to the range house and connects with the macadam road crossing the parade grounds. There are three miles of improved road now in, built by reservation employees.

His most important plan is the erection of a two story brick administration building, to be erected on the rise of ground immediately west of the range house. In this he proposes to have from fifteen to twenty-one cottages for the use of visiting officers, kitchen, dining room and baths. It will also be used as offices for general headquarters. Owing to the cost of construction it will probably not be built for another year.

There is perhaps no article or utensil of common use today that can trace an earlier origin than the spoon.

**7 PER CENT WITHOUT WORK OR WORRY**

Is Offered for Farm Funds Wanted to Finance the Growth of Wisconsin's Largest Combined Gas-and Electric Public Service Company

Wisconsin farmers, dairymen and stock raisers have tens of millions of dollars of surplus funds available for safe and profitable investment. This advertisement is addressed especially to you prosperous farm folks not only because you have surplus funds for investment, but because you are each year in large numbers calling on us for electric service and so necessitating the investment of new capital to serve you. It is published in Wisconsin's daily papers because thousands of Wisconsin farmers, dairymen and stockmen are regular readers of these papers.

We want a part of your surplus funds in our business. We offer you, for the use of such funds, a regular, dependable 7 per cent income, without work or worry on your part, and with maximum safety for your investment. The Organized Farmer, published by the American Co-operative Association in Milwaukee, editorially recommends this company's securities now on sale as "a bona fide and gilt-edge investment," saying further: "Seven per cent is good interest on money, and you are taking no chances—and on top of that the money is used in developing industries right in the state of Wisconsin, thereby making the farms within its borders more valuable."

Wisconsin Gas & Electric Company is the third largest electric service utility, and the largest combined gas-and-electric utility, in Wisconsin. Its principal business offices are in Racine, Milwaukee, Kenosha, Watertown, Burlington, Whitewater, Cudahy and South Milwaukee. It serves over 32,000 gas and electric customers in the cities, towns and villages and on the farms of eleven of the richest and most populous counties in Wisconsin—the region surrounding the Milwaukee metropolitan district. It is closely affiliated, under common ownership and management, with The Milwaukee Electric Railway & Light Company, which supplies the electric light, heat, power and street railway services of the Milwaukee metropolitan district.

These Companies have financed most of their growth during recent years by selling their new securities, as authorized by the State, directly to Wisconsin people. They have today more than 8,000 satisfied Wisconsin investors, among them hundreds of prosperous farmers, stockmen and dairymen. Because of their known strength and safety, these Companies have been able to raise millions of dollars of new capital, among their home people, at a lower rate than any other American public service companies. The region in which they serve as a basic industry is one of the richest in the United States.

**Wisconsin Gas & Electric Company is now selling, direct to investors by mail or across its counters, two new issues:**

**\$500,000 of 7 per cent preferred stock, in \$100 shares.**

**\$500,000 of 5-year, 7 per cent Gold Notes, in \$50, \$100, \$500 and \$1,000 sizes.**

**This stock has first claim on the Company's dividend earnings up to 7 per cent each year, and shares equally with the common stock all dividends paid over 10 per cent. Dividend payments are made quarterly—April 15, July 15, October 15 and January 15.**

**The Gold Notes mature and will be paid off in cash March 1, 1925. Their 7 per cent interest is payable March 1 and September 1. On any interest date to September 1, 1924, noteholders can, if they wish, exchange them at par for shares of the 7 per cent participating preferred stock.**

**Price, either issue, par for cash. Bank draft, certified check, post office or express money order should be sent with mail orders. Prompt delivery of certificates will be made by registered mail. If you buy through your banker, the Company pays him one per cent commission for handling the business. Circular with details of the Company's business, and of these issues, mailed on request. Mail orders or inquiries should be addressed to, and mail remittances made payable to, WISCONSIN GAS & ELECTRIC COMPANY, Securities Department, Public Service Building, Milwaukee, Wisconsin.**

## GRIFFS WIN LOOSE GAME FROM DETROIT, 9 TO 8

WASHINGTON — Washington won a loosely played game from Detroit on Friday by a score of 9 to 8. The game was a see-saw affair, the Griffins taking the lead in the first inning on hits by Judge, Milan, Rice and Harris. The Tigers evened up the count in the fourth only to lose it to Washington in the next inning. Detroit scored five runs in the sixth inning. Washington won the game in the last inning.

## ROBINS WIN ANOTHER OVERTIME GAME, 5-1

ST. LOUIS, Mo.—A pitching duel between Grimes and Goodwin was broken up in the fourteenth inning of the Brooklyn-St. Louis game on Friday when Goodwin weakened and allowed four hits, which, coupled with three errors, gave the visitors four runs and the game by a 5 to 1 score. Brooklyn's rally in the fourteenth came after two were out. Score: Brooklyn.....0 0 0 1 0 0 0 0 0 0 0 0 4-5  
St. Louis.....0 0 0 1 0 0 0 0 0 0 0 0 1-9

## CUBS BEST BRAVES FOR FIFTH STRAIGHT, 7 TO 4

CHICAGO—Chicago won its fifth straight game on Friday by defeating Boston, 7 to 4.

In the first game of the series, The visitors out-hit the locals two to one, but the wildness of Rudolph, who replaced Scott in the seventh inning, gave Chicago the victory. Score:  
Boston.....0 0 1 0 2 0 0 1-7  
Chicago.....0 0 0 0 2 5 0 7-2

## PHILLIPS ON THIRTY REDLEGS THREE TO ONE, BUT LOSE

CINCINNATI—The wildness of Philadelphia's two young pitchers gave the Reds a 4 to 3 victory on Friday in the first game of their series, although the champions were out-hit almost three to one by the visitors. Ruetheer was put out of the game in the seventh for disputing a decision. Eiler, who took his place, was knocked out of the box in the ninth. Ring stopped the rally. Score:  
Philadelphia.....0 0 0 0 1 0 0 2-3  
Cincinnati.....3 0 0 0 0 0 0 1-1

## TELEPHONES WILL AID IN G. O. P. CONVENTION HALL

Each State Chairman is to be in Communication With Speaker's Stand—Electric Score Board Will Flash News.

(By Edward M. Thierry.)  
(Special to Post-Crescent.)  
Chicago.—Jangling telephone bells are going to add to the confusion, noise and general all-around gaiety at the Coliseum when the republican national convention opens.

Telephone bells will be ringing all over the place. It's a brand new idea conceived by the committee on arrangements—to have a private telephone system connecting all the state delegations down on the convention floor with the speakers' stand.

When a wild-eyed delegate over in the right-hand corner leaps to his feet to gain recognition and make a few burning remarks, an unemotional telephone operator behind the chairman's desk will rattle the bell under the chair of the leader of the particular state delegation involved.

Meanwhile there won't be much chance of the crowd hearing what Mr. Soandoo is saying because the bell chorus probably will be echoing all over the hall.

The telephone system will afford state delegates from one state a chance to call up some other state and get a few uncensored remarks off their chests.

Meanwhile tired eyes can focus on another new wrinkle—an electric "scoreboard" which will flash up-to-the-minute convention news.

"Senator Whosis now speaking."

## PICK ALTERNATES TO G. O. P. CONVENTION

By United Press Leased Wire  
Milwaukee.—The republican state committee met here today to select 26 alternates to the national convention in Chicago. The selection of the alternates was the principal business of the meeting.

One of the problems which confronted the committee was the question of selecting women as alternates. State Chairman George A. West requested an opinion from Attorney General John J. Blaine as to whether women can be named alternates. A decision was expected to be received by the meeting.

The republican women will gather here tonight. Mrs. Henry Youmans, of Waukesha, national committee woman, will preside.

## 2 PAY DEATH PENALTY IN SING SING PRISON

By United Press Leased Wire  
New York.—Richard Harrison and Chester Cantine were electrocuted at Sing Sing prison shortly before midnight last night.

Harrison went to the chair for the murder of George Griffiths, a Canadian soldier.

Cantine was convicted of murdering Carl Danziger, an aged Poughkeepsie grocer.

Harrison contended he was innocent to the end.

## TEN PER CENT RENT PROFIT TO BE LIMIT

STATE RENT COMMISSION WILL ASK GOV. PHILIPP TO ACT AT SPECIAL SESSION.

(Special to Post-Crescent.)  
Milwaukee, Wis.—Profiteering landlords face a legal limitation of 10 per cent on their investment in this state.

This is the main recommendation just made to Governor Philipp by the State Rent Commission, headed by David V. Jennings. The commission has just completed an exhaustive investigation of rental and housing conditions in Milwaukee.

The commission proposes to exempt homeowners from taxation up to \$5,000, in order to encourage building of homes, and force unimproved property into use.

As a result of the investigation it is expected that the Legislature will enact remedial legislation.

1. Give the courts much greater powers in handling eviction cases and preventing abuses by landlords;  
2. Limit to 25 per cent gross, and 10 per cent net, the profit that any landlord would be allowed to make;  
3. Direct the Wisconsin tax commission to investigate and report to the 1921 Legislature on the feasibility of exempting homeowners from taxation up to \$5,000 in valuation.

In recommending the legal limitation of rent profits to 10 per cent net, the commission says:

"The proposed legislation has a precedent in our usury laws and we believe the public necessity for it is equally apparent. It will not reduce rents of the landlord who has been reasonable in his demands, but will greatly decrease some of the rents now exacted and will have the effect of eliminating the rent broker or scalper."

## PROBE CITY HEALTH TO MAKE IT BETTER

SURVEY COMMITTEE SEEKS FIRST HAND INFORMATION REGARDING ILLNESS HERE

To plan the program for the committees on health and on housing and sanitation for the social survey upon which various agencies of the community are working, representatives of health agencies in Appleton met at the public library on Thursday. Health conditions in the city were discussed in order that the committees might determine what to do and what remains to be done to make Appleton the most healthful place possible.

The consensus of opinion was that there are some health conditions in Appleton which might be improved, and that the best method of getting at these would be to take a general inventory of the present health conditions here. The particular problems which will be stressed were taken up. Each member was given certain specific assignments on the subjects to be studied.

Committee Members  
Those on the health committee are: Mrs. George Wettengel, chairman, Miss Revett, Miss Bertha Schultz, Mrs. N. P. Mills, Dr. E. H. Ellsworth, George Merkel, Mrs. Ethel Kemmer, Miss Georgina Hackworthy, Mrs. William Meyer, Mrs. Karl Hansen, Mrs. John Noller, Mrs. Paul G. W. Keller, Mrs. Harry Ingold, Mrs. James Wood, and Mrs. Paul Hackbert. Members of the housing and sanitation committee are: James A. Wood, Fred Bachmann, John J. Sherman, George Merkel, Mrs. Frank Wright, Gustave Keller, Mrs. J. P. Frank, Mrs. George Packard, Mrs. William Nemacheck, John Hettinger.

## CHINAMAN IS FREED FROM WHITE WIFE

By United Press Leased Wire  
Milwaukee.—Moy Wah Foon is minus his white wife today.  
He was granted a divorce on charges of cruelty. Moy, who was born in San Francisco, is the first Oriental ever granted a divorce here.  
Moy married in Chicago in 1919, after a "couple months" acquaintance.  
"In two weeks, she go," he testified.  
"She go Chicago. I try find her. Boy friend, Jack Hing, told of happenings Chicago."  
The woman's maiden name was Kramer.

Waukegan, Ill.—The entire staff of Sheriff Green was needed to take Pearl C. Brown, an insane man, to the Elgin asylum after he had been tried in county court. His home is at Menomonie, Wis. He became demented while at Zion City. His father came from Richland Center, Wis., to attend the hearing.

## HOOVER'S QUAKER GRANDMOTHER HAD A FAR SEEING EYE

IOWA BIRTHPLACE OF PRESIDENTIAL CANDIDATE HAS INTERESTING HISTORY.

(By Mabel Abbott.)  
(Special to Post-Crescent.)

West Branch, Ia.—Whether Herbert Hoover becomes the next president of the United States or not, the little town of West Branch, Iowa, where he was born, will never forget the Hoovers.

It would remember them even if their descendant had not been America's food administrator and a big factor in winning the war.

For the story of Hannah Hoover's prophecy is one of the traditions of the village.

Was Quaker Preacher.  
Hannah Hoover was Herbert Hoover's grandmother. Fifty years ago she was a Quaker preacher in the little white church at West Branch. Those were the days of the old-fashioned Quaker meetings, when men in broad-brimmed hats and collarless coats, and women in silk sunbonnets, gray dresses and white shawls, worshipped on opposite sides of the church with a partition between them, and when they did not have regular pastors, but members of the congregation who were considered to have a "gift" were "recommended," and spoke "when the spirit moved them."

One Sabbath, at the climax of her exhortation, some youths in the congregation snickered. She turned upon them, her eyes flashing.

Predicts the Future.  
"Ay laugh," she screamed. There'll live to see this meeting-house turned into a dance hall, and the young men of West Branch lying drunk in its doorway!"

A thrill of horror ran through the meeting. Mrs. Mary Carran of West Branch, who heard the outburst, was a girl then. She tells the story now. "I was frightened stiff," she says. "Hannah was very angry, and I was afraid there was going to be trouble right in the meeting-house. But nothing further happened."

Years passed. Hannah Hoover's son married, and his wife also was "recommended" and preached in the little white church. Their son, Herbert, went to school to Mary Carran. His parents and grandparents both died, and the boy went away to live with relatives. Reports came back to West Branch that he had gone to college; then that he had become a mining engineer; then that he was a rich man and traveled all over the world.

Meeting Place Changed.  
West Branch changed, too. But there were still some in the

congregation who remembered Hannah Hoover. And one day, only about six years ago, as they assembled at the new meeting-house, they stared in astonishment at the old one.

A rough addition with a ticket seller's window covered the gable end; electric lights blazed across the entire front; and pictures of men and girls in strange costumes and poses covered big billboards beside the door.

The old Quaker meeting-house had been turned into a movie theatre—and a dance hall!

And that is what it is today.

## RACINE COUNTY BOARD DEFERS SALARY RAISE

Racine, Wis.—County officials, deputies and clerks employed in the court house presented a petition to the county board of supervisors asking for increases in salaries of 25 per cent because of the high cost of living.

The board refused to act on the petition, but promised to do so at the regular fall meeting, which will be after the election.

## SEE "BOND RING" HAND IN MADISON ROBBERY

By United Press Leased Wire  
Milwaukee.—Madison's sensational \$18,000 bond theft last December, today was linked with the hand of international bond thieves whose operations were recently exposed in New York.

Evidence was disclosed which indicates that the Liberty bond coupons dispatched by the First National Bank of Madison on December 17 to the First National Bank of Chicago, but which never reached their destination, had become the loot of the New York bond ring led by "Nicky" Arnstein.

The kitchen of one of the big hotels in New York is an acre in extent.

## THE MOST BEAUTIFUL CAR IN AMERICA

THE man who tempers economy with wisdom directs the expenditure of his money judiciously. He is more concerned with ultimate values than with mere cheapness of price.

It is to this type of person among motorists that the Paige car most appeals.

We, of the Paige Company, have always taken the view that unless a car has the qualities essential to comfort, lasting satisfaction and pride of ownership, it would be dear at any price.

So we built the Paige Glenbrook according to our ideas of what a real motor car should be—a car which would be not only a reliable vehicle of transportation but also a car of beauty, comfort and power.

# CONGRESS CAN MAKE PEACE WITH BERLIN, LENROOT DECLARES

WISCONSIN SOLON AVERS CON-  
GRESS HAS AUTHORITY TO  
ENACT WAR LEGIS-  
LATION

Washington, D. C.—Senator Len-  
root took up the cudgels in defense of  
the Knox peace resolution in the sen-  
ate on Thursday.

"Citing legal precedents, the Wis-  
consin senator declared congress has a  
legal right to repeal a declaration of  
war."

His address is expected to have ma-  
terial influence in securing a united  
republican opinion for the resolution  
when it comes up for a vote Satur-  
day afternoon.

Republicans went to rest a clear  
majority of their own for the measure  
so that they will be under no obliga-  
tion to give the two or three resolute  
democratic senators a fight for making  
majority vote possible.

**Adoption Is Conceded**  
Action of the resolution is con-  
ceded by democratic opponents with a  
vote by President Wilson regarded as  
certain. A certain House republican  
cavaliers said on Thursday that the  
senate resolution probably will be  
sent to conference for adjustment  
with the passed in the house. Some  
leaders, however, were said to favor  
immediate acceptance of the Knox  
resolution by the house.

The section of the resolution struck  
down had drawn particular fire from  
the democrats and from Senator Mc-  
Cumber (Rep. N. D.) who spoke  
against the resolution on Monday.

"I frankly realize that congress can  
not by statute make a negotiated  
peace," Senator Lenroot said, "but  
congress has the right to declare the  
existence of a fact that it has au-  
thority to go to the fullest extent with  
reference to war legislation even to  
the point of repealing a declaration of  
war."

**Peace Actually Exists**  
Disagreeing to some extent with  
Senator Knox's contention that the  
armistice in reality ended the war,  
Senator Lenroot said that peace ac-  
tually exists although it has not been  
legally declared.

# BRYAN SAILS INTO "WET" CANDIDATE

CUMMINGS, COX AND EDWARDS  
ARE CALLED FRIENDS OF  
THE LIQUOR IN-  
TERESTS

Lincoln, Neb.—William Jennings  
Bryan turned his political batteries  
tonight on Homer S. Cummings,  
chairman of the Democratic national  
committee, and Gov. Cox of Ohio. In  
a statement given out here he says:

"The selection of Chairman Cum-  
mings to sound the keynote of the  
Democratic national convention is  
worse than a comedy. It is a tragedy.  
It is a melancholy beginning if the  
Democrats have any intention of mak-  
ing a campaign this year. If they do  
not, they are to be pitied in a  
two-fold sense, locked up in a Wall  
street cage, and buried at sea. Cum-  
mings is just the person to officiate,  
but his selection is a serious handicap  
if the party proposes to appeal to the  
progressive sentiment of the country."

**"Cox Candidacy Disgrace"**

Bryan pronounces the Cox candi-  
dacy a disgrace. He says:  
"The fact that the Democrats of  
two dry states, Ohio and Kentucky,  
have instructed for Gov. Cox makes  
it proper to consider his position on  
the liquor question. It is becoming  
every day more and more apparent  
that he is the man about whose stand-  
ard the wet forces will gather."

"Gov. Edwards is a joke. A drunk-  
ard in the last stages of delirium trem-  
ens would have sense enough to  
know that Edwards has no chance of  
nomination. Senator Hitchcock did  
not have any chance even before the  
Nebraska primary hence he had  
nothing to lose. Gov. Cox is their  
man and he has fairly won the dis-  
tinction that he seeks."

**Liquor Men Assailed**

"After disgracing his state he  
aspires to a position in which he could  
disgrace a nation. For years the men  
engaged in the liquor business have  
been the real anarchists of the coun-  
try, far more dangerous than the pro-  
fessional anarchists. Gov. Cox has  
become their candidate."

"His nomination would make the  
Democratic party the leader of the  
lawless element of the country and his  
election, if such a thing were possible,  
would turn the White House over to  
those who defy the government and  
hold law in contempt."

"There is no likelihood of his nom-  
ination and no chance of his election  
if nominated, but why should any  
Democrat be willing to support a man  
whose nomination would insult the  
conscience of the nation? For the tri-  
umph of prohibition is a triumph of  
the nation's conscience."

# FARMERS WILL CUT POTATO ACREAGE

By United Press Leased Wire  
Washington.—Farmers contemplate  
planting five per cent less acreage in  
potatoes this year than last, accord-  
ing to an announcement of the de-  
partment of agriculture today.

The reports came through field  
agents who recently questioned grow-  
ers in important producing states.

Potatoes are now one of the high-  
est priced commodities on the market.  
High price of potato seeds and short-  
age of farm labor are the two reasons  
given for reduction in acreage.

# MINNEAPOLIS SHERIFF ADMITS BOOZE RUNNING

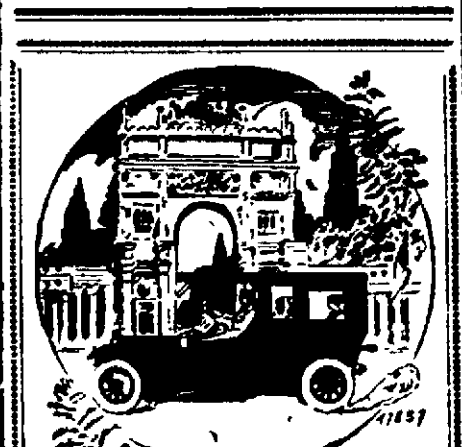

By United Press Leased Wire  
Minneapolis.—Oscar Martinson, for-  
mer sheriff of Hennepin county, today  
pleaded guilty to a federal indict-  
ment charging complicity in a plot to  
smuggle liquor from Canada.  
Martinson resigned as sheriff yester-  
day. The federal grand jury met  
today to consider evidence on a simi-  
lar charge against County Attorney  
William Nash.

# \$500 IS CASH BONUS LIMIT FOR VETERANS

Washington, D. C.—A maximum  
cash bonus of \$500, for the service  
men was agreed to today by republi-  
cans on the house ways and means  
committee.

The maximum benefit to be allowed  
on the optional forms of aid (which  
are farm or home and vocational  
training or paid up insurance) was  
fixed at \$625.

Chairman Fordney plans to submit  
the revised bill to the committee on  
Wednesday.

# NEW DEPARTMENT HEAD DOESN'T WANT JOB HERE

Dr. Newell Simms, recently ap-  
pointed to the head of the Depart-  
ment of Sociology of Lawrence col-  
lege for next year, has been released  
from his contract at his request. The  
position has been accepted by Dr.  
Frank Conrav, of the Department of  
Sociology, University of Cincinnati.  
Dr. Conrav received his doctor's  
degree at the University of Chicago.  
His master's degree he received from  
the University of Indiana. After com-  
pleting his course there he took up  
the study of theology at Boston uni-  
versity and preached for several  
years in the Rock River Conference  
of the Methodist church. Since re-  
ceiving his doctor's degree, he has  
been in the Department of Sociology  
at the University of Indiana.

# Y.W.C.A. CABINETS TO MEET IN OSHKOSH

Members of the Lawrence Y. W. C.  
A. Cabinet left this morning  
for Oshkosh to attend the Y. W.  
C. A. cabinet conference, May 15-16.  
Those planning to go are the Misses  
Florence Clark, president of Y. W.  
C. A., Florence Mallory, Irene Long,  
Helen Sowle, Virginia Hulbert, Pearl  
Hughes, Blanche Hutchinson, Mar-  
garet Luce and Letha Danbrugh.  
The convention is to be a huge  
gathering of delegates from Y. W. C.  
A. cabinets and will be under the di-  
rection of Miss Mary Anderson, sec-  
retary of the Y. W. C. A. at the Uni-  
versity of Wisconsin. The sessions  
will be devoted to the discussion of  
various phases of the work, such as  
technical matters affecting the com-  
mittees, the purpose of the association,  
the spirit of the new personal  
basis of membership, and the re-  
ception of valuable suggestions for  
the work of the coming year.

# DR. WOOD TO PRESENT NEW SERIES OF SERMONS

"Out of the Ashes" or "The King-  
dom of God and The Church: Social  
Order" is the subject of a series of  
new addresses announced by Dr. J. B.  
Wood to be presented at the Meth-  
odist church. The introductory ad-  
dress of the series will be delivered  
on Sunday morning at 11 o'clock and  
it will be followed by others during  
the coming weeks. Dr. Wood expects  
to consider the social unrest that  
characterizes the times and the pos-  
sible influence of that unrest upon the  
home, the welfare of the laborer, of  
women and children, and of our in-  
ternational relationships. Every one  
interested in these vital themes, what-  
ever his relation to the organized  
church, will be welcomed at these  
meetings.

# HOOVER HITS BOTH WILSON AND JOHNSON

ATTITUDE OF BOTH MEN ON TREA-  
TY IS CALLED Destruc-  
TIVE BY FOOD  
DIRECTOR

New York.—Herbert C. Hoover, re-  
plying by telegraph today to the re-  
quest of the Hoover Republican club  
of Portland, Ore., for his "views on  
various matters arising in the Oregon  
primary," declared the Republican  
party "must support the league with  
reservations. It must not fall into  
the trap that the president and Sen-  
ator Johnson are enticing it into."

"The president has declared," Mr.  
Hoover said, "that the Democratic  
party must demand the acceptance of  
the league in full as presented by him  
to the senate. Senator Johnson de-  
mands that the Republican party op-  
pose the league altogether. Two more  
destructive attitudes toward a great  
issue could not be found."

"An emergency is created by this  
alliance of destruction. The aspira-  
tions of the great majority of our peo-  
ple will be thwarted by either of these  
extremes."

"This majority is fixed in its deter-  
mination that the United States, both  
for our own protection and in the in-  
terest of the welfare of the world,  
shall join the league by ratifying the  
treaty, which provides for substitution  
of methods of peace for methods of  
war, but that we shall do so only un-  
der assurance of no infringement of  
our constitution and our traditions."

**Real Chance for G. O. P.**

"The inflexible attitude of the pres-  
ident and his supporters and of Sen-  
ator Johnson and his supporters has  
brought this issue into the election at  
an immeasurable moral and economic  
cost to our own country and to the  
world."

"If the Republican party, however,  
is to voice the will of the people and  
is not to forfeit the certainty of lead-  
ership in the next four years, it must  
embrace the great opportunity which  
the majority of the American people  
are prepared to give it."

arraigned in municipal court Thurs-  
day afternoon. He entered a plea  
of guilty and was fined \$50 and costs  
amounting in all to \$53.60. E. H.  
Wright, proprietor of College Inn,  
pleaded not guilty to a charge of  
serving game fish out of season and  
his case was adjourned for a week.  
Both arrests were made on complaint  
of W. A. Kevs, conservative warden.
